

EMISSION CLASSIFICATION OF BUILDING MATERIALS

Metsä Wood

The classification working group set up by the Building Information Foundation RTS has approved the following product:

Metsä Wood Birch plywood
Metsä Wood Form plywood
Metsä Wood Spruce plywood
Metsä Wood Spruce Flex plywood
Metsä Wood Spruce MouldGuard plywood
Metsä Wood Spruce WeatherGuard plywood

as belonging to emission class M1 for building materials.

The classification is valid until February 3, 2017.

Metsä Wood has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2008 and the Classification of Building Materials: General Instructions.
